Style That Works Better

## STYLE MEETS SUBSTANCE

*It's just our nature to keep improving things. That's why we've combined the styling you want, with the versatility, flexibility and ease of use you need and deserve. No matter which of our faucets you choose, it'll be a prime example of Style That Works Better... from American Standard.*

*Worry-free, drip-free, and built to last, all our faucets are covered by our Limited Lifetime™ Warranty.*

- **Drip-Free For Life\***

*Valving designed and tested to survive over one million on/off cycles without failure*

- **Tarnish, Scratch and Corrosion Resistant**

*All finishes are backed by a Limited Lifetime Warranty*

- **Cast Brass Construction**

*Durable, built-to-last performance*

THE **RIGHT FAUCET** FOR HOW **YOU** LIVE

**EXTENDER** A swivel spray automatically descends when the faucet is turned on and retracts when it's turned off. Simply twist to switch from stream to spray. An American Standard exclusive.

Pekoe..... 5

**SEMI-PRO** Inspired by commercial kitchens, this faucet is for the serious cook. It brings professional level functionality and style to the kitchen and has amazing clearance for oversized pots.

Pekoe..... 6

**PULL-OUT** and **PULL-DOWN** Convenient and attractive, these faucets let you pull down or pull out the faucet spray head to bring the spray right where you need it, simplifying tedious tasks like rinsing and cleaning. They eliminate the need for a separate side spray for a clutter-free counter.

## PEKOE FAUCETS BRING SLEEK STYLE AND CONVENIENT FUNCTION TO THE KITCHEN

*The Pekoe collection offers stylish simplicity with models to suit every kitchen design recipe. Options include high-arching faucets sized for kitchen and bar sinks; pull-out, pull-down and semi-professional models. Unique to Pekoe is the dramatic Extender faucet, with a swivel spray that automatically descends when the faucet is turned on. All Pekoe faucets are designed to complement natural countertop surfaces with single-hole installation for a clean, contemporary kitchenscape.*

## BRING CULINARY CONVENIENCE AND SLEEK STYLING INTO THE KITCHEN WITH ARCH FAUCETS

*Arch is a dramatic collection inspired by the work of architect Eero Saarinen, designer of the Gateway Arch in St. Louis. Arch brings a new definition of contemporary design to kitchen function. Single-control models include both high-arching and conventional-height spouts with and without pull-out sprays. The clean design of the pull-out spray incorporates a comfortable toggle button on the underside, allowing for easy adjustment from stream to spray. The spray is so well integrated that it resets the expectation of form and function.*
