American Standard

The Total Bathroom

Style Meets Substance.

At American Standard, it all begins with our unmatched legacy of quality and innovation that has lasted for more than 130 years. It is this tradition of quality and innovation that puts us in 3 out of 5 homes in America, as well as, countless hotels, airports, and stadiums. We provide the style and performance that fit perfectly into life, wherever that may be.

We have a broad range of bath and kitchen products that are designed to marry style and function with innovative solutions, creating products that simply make life easier. Every product we make is designed to meet the unique needs of our consumers and trade partners.

At American Standard, innovation never stops, ingenuity never ceases, history never dates itself and needs never go unfulfilled.

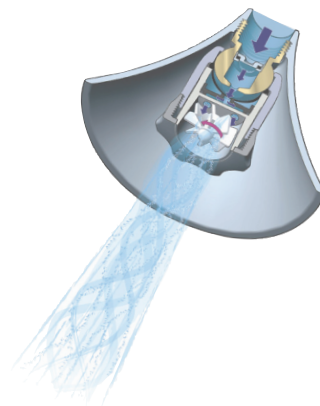

Great performance and great looks meet in our complete line of products for the bath and kitchen. Performance and reliability. Coordinated collections. Performance and design leaders in toilets, faucets, bathing, showering, furniture and accessories. Ingenious features. American Standard is style that works better. Everyday.

Responsible Bathroom

Everybody has started paying more attention to conserving. Realizing that there are real ecological, as well as, economic benefits. So, we're driving less, recycling more, reusing more things. And now being "green" has made its way to the bathroom. And why not? After all, you'll spend more than 7 years of your life in there. Bathrooms account for 75% of all water use in the home.

To help, American Standard has developed hundreds of products that save more water, yet never sacrifice on style or performance. Our efforts increase when you combine them with the little things you can do everyday. Like fixing or replacing a leaky faucet and toilet, taking showers instead of baths, turning the water off when you brush your teeth or using other water conserving products throughout your home.

The way we see it, if we do our part, and you do yours, we'll make a world of difference.

Boulevard™ Collection

2907.128 - One-Piece, FloWise Right-Height, Elongated Rim Toilet

BOULEVARD™ ONE-PIECE LXP TOILET

Quintessentially French. Stately, strong and a bit whimsical. This transitional design can be a signature element to a wide range of decors. The Boulevard is inspired by the brim of the hat worn by beekeepers in the Montagnes Noir region of France.

High efficiency flush (1.28 gpf/4.8 Lpf)
Low consumption flush (1.6 gpf/6.0 Lpf)

BOULEVARD® LAVATORIES

Classic and distinct lines define the rugged design of the Boulevard Lavatories. The pedestal lavatory can be installed in typical fashion, while the lavatory top can be installed as a wall-hung unit, or installed in conjunction with our wall-hung or floor mounted furniture and marble top! The pedestal lavatories feature the Right-Height for greater comfort during use.

0641.800 - Pedestal Lavatory, 8" Centers

0641.008 - Lavatory Top / Countertop Sink, 8" Centers

Berwick™ Bath Collection

7430.152 - Single Control Vessel Faucet - Metal Lever Handle

7430.801 - Widespread Faucet - Metal Lever Handles

Swivel Spout - Ideal for rinsing

T430.502 - Bath/Shower Trim Kit w/ Rain Showerhead - Metal Lever Handle

Inspired by the ribbon mills of Berwick, Pennsylvania, the Berwick Collection from American Standard marries fluid elegance with defined precision to complete this full line of bathroom faucets. With ribbon-like style, this collection remains steadily classic, yet is reminiscent of sleek, streaming design. Berwick's contemporary, but subtle flair is sure to bring a renewed look to any bathroom.

The Berwick bath faucet collection features durable solid brass construction, drip-free for life ceramic disc valves and ADA metal lever handles. The bath/shower systems feature drip-free-for-life ceramic disc valves, ADA metal lever handles and 6" brass rain showerheads.

Bath accessories complement this full line of faucets. The accessories have solid metal construction with hidden mounting hardware and have tarnish, scratch and corrosion resistant finishes.

7430.471 - Wall Mount Faucet - Metal Cross Handles

7430.901 - Deck Mount Tub Filler w/ Personal Shower - Metal Lever Handles

American Standard
Style That Works Better

Tropic™ Collection

TROPIC™ ONE-PIECE LXP TOILET

Invite the casual spirit of nature inside. Adaptable, transitional and refined. Tropic offers comfortable style with a hint of Eastern Temple Zen. The Tropic features a concealed trapway, extra-wide 3" flush valve and a maximum MaP rating of 1000 grams.

High efficiency flush (1.28 gpf/4.8 Lpf)
Low consumption flush (1.6 gpf/6.0 Lpf)

2786.128 - One-Piece, Right-Height, Elongated Rim LXP Toilet

TROPIC™ CADET® 3 FLOWISE® TWO-PIECE TOILET

The Tropic Cadet 3 toilet has contemporary styling with tray-like flat lid and matching chrome finish trip lever. It features the performance of the Cadet 3 Flushing System and includes the EverClean Surface.

High efficiency flush (1.28 gpf/4.0 Lpf)

2459.101 - Right Height, Two-Piece, Elongated Rim Toilet

Tropic™ Collection

9212.200 - Demi Apothecary

9212.300 - Tropic Wall Console

TROPIC FURNITURE COLLECTION

The new Tropic Furniture Collection in rich nutmeg wood tones offers transitional style inspired by Asian influence. Distinctive pieces such as a wall-hung washtand and console make this collection truly unique.

9212.030 - Tropic 30" Vanity

9212.130 - Tropic 30" Vanity Marble Top

9212.101 - Tropic Wall Mirror

0404.800 - Grande Pedestal Lavatory, 8" Centers

TROPIC LAVATORIES

The new collection of Tropic Lavatories is primed with versatility. The pedestal lavatory can be installed in typical fashion, while the lavatory top can be installed as a wall-hung unit, or installed in conjunction with our wall-hung or floor mounted furniture and marble top! The pedestal lavatories feature the Right Height for greater comfort during use.

The drop-in round and oval lavatories expand the versatility even more. Both fit traditional cut-out dimensions and are the first lavatories to feature the exclusive EverClean Surface.

0405.008EC - Oval Self-Rimming Lavatory, 8" Centers

0406.008EC - Round Self-Rimming Lavatory, 8" Centers

American Standard
Style That Works Better

Studio™ Collection

STUDIO® CADET® 3 FLOWISE® TWO-PIECE TOILET

The Studio Collection now includes a design-matched two-piece toilet. The new toilet complements the distinguished style with definitive lines on both tank and lid. The Studio Cadet 3 features the performance of the Cadet 3 Flushing System and includes the EverClean Surface.

High efficiency flush (1.28 gpf/4.0 Lpf)

STUDIO® CARRÉ™ LAVATORY

The Studio Carré undercounter mount lavatory features a square design and customizable overflow position.

0426.000 - Studio Carré Under Counter Mount Lavatory, less faucet deck

2589.101 - Two-Piece, Right Height, Elongated Toilet

STUDIO® BATHING COLLECTION

Characterized by clean, geometric lines, the Studio acrylic bath collection's style makes a bold statement with a simple design.

The studio acrylic collection consists of 5 drop-in sizes plus integral-apron and corner models.

Choose striking or sublime by selecting from the available 4", 2" or innovative Zero-Deck flush-mount deck profile.

Town Square™ Collection

TOWN SQUARE® ONE-PIECE LXP TOILET

Steeped in tradition and detail, the Town Square toilets are a welcome addition to this well-heeled family. Inspired by the classic crown molding of the Biltmore Estate. The Town Square features a concealed trapway, extra-wide 3" flush valve and a maximum MaP rating of 1000 grams.

High efficiency flush (1.28 gpf/4.8 Lpf)
Low consumption flush (1.6 gpf/6.0 Lpf)

2847.128 - Right-Height, One-Piece, Elongated Rim LXP Toilet

TOWN SQUARE® TWO-PIECE LXP TOILET

Steeped in tradition and detail, the Town Square toilets are a welcome addition to this well-heeled family. Inspired by the classic crown molding of the Biltmore Estate. The Town Square features a concealed trapway, extra-wide 3" flush valve and a maximum MaP rating of 1000 grams.

High efficiency flush (1.28 gpf/4.8 Lpf)
Low consumption flush (1.6 gpf/6.0 Lpf)

2817.128 - Right-Height, Two-Piece, Concealed Trapway LXP Elongated Toilet

Toilets

NEW SAVONA™ ONE-PIECE LXP TOILET

The sleek and contemporary design of the New Savona one-piece toilet eliminates crevices and squared corners, adding effortless style and easy cleanability. The New Savona features a concealed trapway, a color matched, slow-close seat and cover, and a color matched right-hand side trip lever.

Low consumption flush (1.6 gpf/6.0 Lpf)

2754.128 - Two-Piece, Right-Height, Elongated Toilet

2097.012 - One-Piece, Elongated Rim LXP Toilet

EVOLUTION® 2 FLOWISE® TWO-PIECE TOILET

With its gracefully curved lines, the Evolution 2 two-piece toilet offers style and performance at an affordable price. The Evolution 2 toilet features a solid performing flush, a flat tank cover for storage and a color-matched trip lever.

High efficiency flush (1.28 gpf/4.0 Lpf)

Luxury Toilet Seats

American Standards new luxury toilet seats feature ease of installation, ease of use and ease of cleaning. They include a top mounting transitional styled seat with cover that can be installed from top of the toilet bowl. The slow-close seat feature makes operation easy and quiet. Just a push of a button provides easy seat removal without tools for quick and efficient cleaning. All are made from Duroplast - a hard, scratch-resistant surface that feels and looks like chinaware.

Slow-Close Seat and Lid

Easy Lift Off Hinge for Cleaning

5214.110 - Town Square Luxury Toilet Seat, Elongated

5216.110 - Tropic Luxury Toilet Seat, Elongated

5218.110 - Boulevard Luxury Toilet Seat, Elongated

Bathroom Sinks

CULTURED MARBLE VANITY TOPS

Our expansion of cultured marble vanity tops include the Astra-Lav® and Recessed Oval Bowl. Both tops feature seamless, one-piece design made of high-quality cultured marble with an extra thick wear layer. The Astra Lav has a raised faucet deck and both models feature no-drip edges.

The new vanity tops are available in a variety of sizes and have optional right and left hand side splashes.

CORNICE™ PEDESTAL and WALL HUNG CORNER LAVATORY

The unique corner design of the Cornice Pedestal and Wall Hung Lavatory is the solution you have been looking for to complete your powder room. The Cornice is designed to save space and features twin front concealed overflows.

0611.400 - Pedestal Lavatory, 4" Centers

Baths and Whirlpools

EVERCLEAN® WHIRLPOOLS

The new EverClean Whirlpool System, replacing the System-1 Whirlpool System, includes great new features such as upgraded flex-piping on Luxury models and new jets. The Acumax™ acumassage whirlpool jets have a high-efficient and focused jet stream to help target problem areas for a more refreshing experience. The Acumotion™ rotary acumassage jets in the lumbar region, on select models, provide a moving shiatsu massage.

All EverClean Whirlpools include the EverClean System.

EVERCLEAN® AIR BATHS

The new EverClean Air Baths, replacing the Smooth Air Premium Air Bath System, provide a soothing and relaxing bathing experience. Small jets, placed strategically around the perimeter of the tub, give the ultimate relaxing sensations. The jets have no caps or buttons to provide an esthetically pleasing and easy to clean bath.

All EverClean Air Baths include the EverClean System.

Baths and Whirlpools

ECOSILENT™ WHIRLPOOLS and COMBO BATHS

The revolutionary SILENT whirlpool you can truly relax in. Ultra-quiet EcoSilent whirlpools create less noise than most competition. The hushed environment and warm massage activate the body's relaxation response so elevated levels of stress hormones can return to normal after a stressful day. Ultra-efficient EcoSilent whirlpools use 50% less energy. The EcoSilent pump and whirlpool heater coordinate seamlessly to provide powerful heated hydrotherapy while eliminating wasted energy.

All EcoSilent Whirlpools and Combo Baths include the EverClean System.

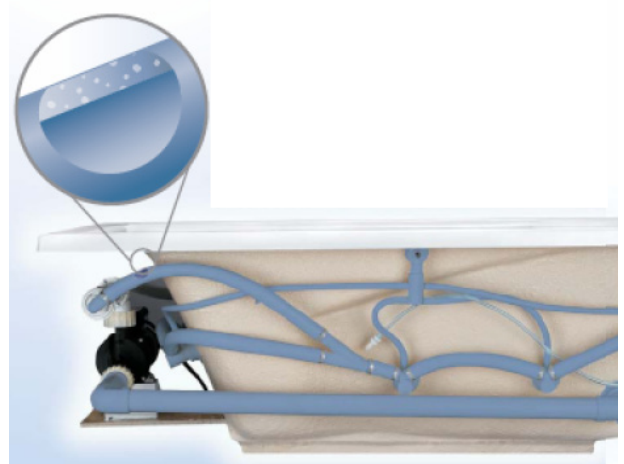

EVERCLEAN® SYSTEM

The EverClean system, exclusively from American Standard, is the easiest way to help keep your whirlpool and air bath circulation system clean.

Whirlpools and Air Baths with EverClean incorporate a silver-ion antimicrobial additive right into the circulation piping to protect the pipes from mold, mildew, algae and fungus that could cause deterioration or staining of the pipes.

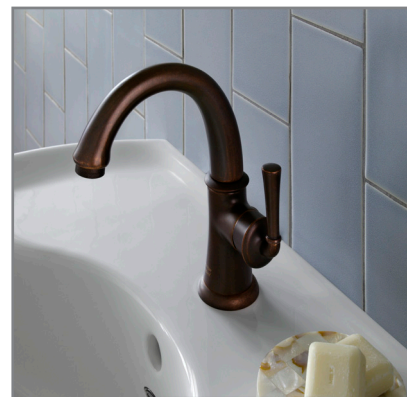

All EcoSilent whirlpools and combo massage models come standard with EverClean system.

- Patented antimicrobial silver-ion additive is molded directly into the circulation piping.
- Will not wear off and works around the clock no matter how often you use your whirlpool or air bath.
- Competitive cleaning systems using ozone that operate only while the motor is running will not help when water gets into the jets or piping during bathing or showering.
- The EverClean system is standard on all American Standard whirlpools, air baths and combo massage models.

Portsmouth™ Bath Collection

Old World Charm and traditional hand craftsmanship radiate throughout the new Portsmouth bath faucet collection. Adding to its turn-of-the-century authenticity, the new Oil Rubbed Bronze finish is handcrafted and distressed to attain its own unique, genuine appearance and character. The Portsmouth Collection offers a full range of product options including single control and two handle bathroom sink faucets (with choice of 2 decorative spout styles). Matching tub fillers, bath/showers and shower system trims round out this extensive collection. The collection features the latest water conservation technology including the FloWise® showerhead for up to 40% reduction in water use.

7420.101 - Monoblock Swivel Spout Lavatory Faucet - Metal Lever Handle

7415.101 - Monoblock Lavatory Faucet - Metal Lever Handle

7420.502 - Bath/Shower Trim Kit w/ 3-Function FloWise Showerhead - Metal Lever Handle

7415.201 - Centerset Lavatory Faucet - Metal Lever Handles

7420.740 - 2-Handle Thermostat Trim Kit w/ Volume Control - Metal Handles

7420.221 - Centerset Crescent Spout Lavatory Faucet - Metal Cross Handles

7420.801 - Widespread Crescent Spout Lavatory Faucet - Metal Lever Handles

FloWise® Showerheads and Handshowers

Our new additions to the FloWise Showerhead and Hand Shower offering have the same great performance and water efficiency as our existing models. With our patented turbine technology, the new models save up to 40% on water usage without sacrificing your shower experience. Choose from 4 popular styles - traditional, modern, transitional and square. All styles are available in Single and 3-Function versions.

Single-Function Showerheads

AM00EQF.400 - Euro Frameless Neo Angle Shower Door

Extender Body Sprays

EXTENDER BODY SPRAYS

The dramatic elegance of the Extender body spray is sure to provide the ultimate spa experience and give your shower a clean, uncluttered look. This unique body spray features an innovative sprayer that automatically extends from the wall when the water is turned on and discreetly retracts when it's turned off. With a simple twist, spray patterns can be easily changed, and Extender's spray angle is easily adjustable to customize the perfect shower experience for each individual user.

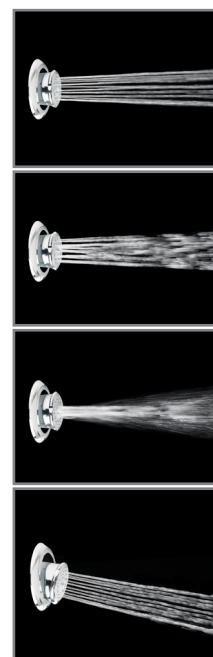

1660.130 - Round Body Spray

1660.140 - Square Body Spray

Kitchen Sinks and Faucets

7072.804 - 25" Single Bowl Kitchen Sink, 4-hole, 25" x 22" x 9-1/2"

7085.803 - Island Sink, 3-hole, 16" x 20" x 8-1/2"

7045.804 - 33" Double Bowl Kitchen Sink, Offset, 4-hole, 33" x 22" x 9-3/4"

CAST IRON KITCHEN SINKS

American Standard's Cast Iron kitchen sinks offer strength and beauty unmatched by all other materials. The solid construction of Cast Iron provides an extremely durable, environmentally friendly product that is easy to clean and maintain. The deep glossy enameled finished is thicker than enameled steel products, and it's thickness makes the surface resistant to acids and provides superior protection from peeling, chipping or blistering. The density of cast iron sinks also provides superior heat retention and inherent sound-deadening features.

The durable enamel coating protects from corrosion and stains, and makes American Standard products beautiful for a lifetime.

7079.804 - 33" Double Bowl Kitchen Sink, 4-hole, 33" x 22" x 8-1/2"

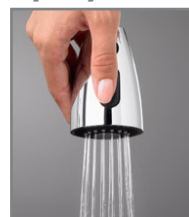

4175.300 - Colony® Soft Pull-down Kitchen Faucet

COLONY® SOFT PULL-DOWN KITCHEN FAUCET

Featuring a high-arc swivel spout and an ergonomic, three-function pull-down spray (stream, spray, pause), the new Colony Soft kitchen faucet delivers the utmost in functionality, style and affordability.

MANUAL FLUSH VALVES

Built for performance and dependability, you can rely on our manual flush valves for both retrofit and new construction. They feature a self-cleaning brass piston valve, which prevents clogging and reduces maintenance, while eliminating the need for a problem causing filter screen.

The piston valve is rigid and always seals tightly, assuring a leak-free operation. The synthetic rubber seals are unaffected by chloramines and ammonia.

HET and HEU versions save 20 - 50% water.

6045051.002 - Manual Urinal Flush Valve

6047021.002 - Manual Toilet Flush Valve

6590.525 - Washbrook Pint Urinal System (0.125 gpf Urinal and Selectronic™ Flush Valve)

WASHBROOK™ FLOWISE® 0.125 GPF URINAL SYSTEM

Easy to specify, easy to order and easy on the environment! The Washbrook FloWise Pint Urinal System uses 87% less water when compared to 1.0 gpf models, perfect for new construction and retrofit installations. The combination features hygienic "Touch-Free" operation and state-of-the-art technology. The flush valve, which has a manual override in case of power failure, is engineered to work seamlessly with the urinal to ensure a solid performing system.
