

# Introducing SafeCare™

Anti-Ligature Series designed for specialized care settings.  
Safe, secure and comforting style.

**Bradley**   
Commercial Washroom Innovation

With patient safety and well-being in mind, Bradley consulted with behavioral health professionals to develop the new SafeCare™ Anti-Ligature Series for specialized care facility restrooms. SafeCare products minimize ligature points to help avert patient self-harm, and are styled to create a safe, familiar atmosphere.

[bradleycorp.com](http://bradleycorp.com)

SafeCare Anti-Ligature Series is the first complete line of products developed for restrooms in specialized care situations. Handwashing, showers and accessories options are styled to suit patient rooms that are designed to enhance patients' feelings of a familiar, safe home-like environment.

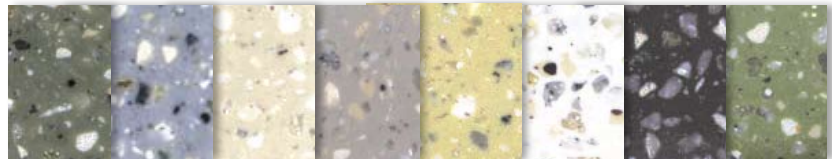

- Total restroom solutions designed with help from behavioral health professionals
- Home bathroom aesthetics to help promote feelings of safety and comfort
- Minimized ligature points for patient safety
- Long-lasting and easy to maintain

## Handwashing

Bradley's SafeCare Lavatory is available in 24 colors of Terreon® solid surface material or 8 colors of Terreon®RE recycled solid surface material. Terreon is beautiful, long-lasting and can easily be repaired and renewed minimizing the need for replacement or disposal. TerreonRE is composed of eco-friendly bio-based resin and pre-consumer recycled granules and contains 25% pre-consumer recycled content and 8% rapidly renewable material.

### MODEL HSL1 LAVATORY

- Terreon or TerreonRE solid surface material
- Infrared-activated sprayhead faucet
- Contoured sprayhead faucet and basin
- Sprayhead faucet mounted flush to basin
- Fully enclosed stainless steel trap cover
- Custom shelf extensions available

TerreonRE Colors

See [bradleycorp.com](http://bradleycorp.com) for information and available colors.

## Wall Showers

SafeCare wall showers feature conical showerheads, contoured handles or hemispherical push buttons to minimize ligature points.

MODEL HSR10
