

MGK Suhaeri™ Repulpable Carton Sealing Paper Tape

- Product Details

MGK Suhaeri Tape (Brand name) is Repulpable paper tape that can be recycled together with carton package boxes. This tape replaces BOPP packing tape and can be used for a wide variety of medium-weight box materials, including recycled fiberboard. It is easy to unwind and resists abrasion, moisture, and scuffing.

- Product Structure

	Water-soluble paper_110μm
	Water-soluble PSA_40μm

- Features

- Repulpable packaging Paper tape ensures paper cartons **recyclable and repulpable without disposal of tape on the surface of the Box.**
- Industrial packaging tape for medium-duty applications on a wide range of materials
- Resists abrasion, moisture, chemicals, and scuffing for long-lasting performance
- Excellent adhesion to recycled liner paper and fiberboard
- Conform to ASTM D 3562

3 SUHAERI TAPE™ Core Technology(Eco-Friendly/Recycling)

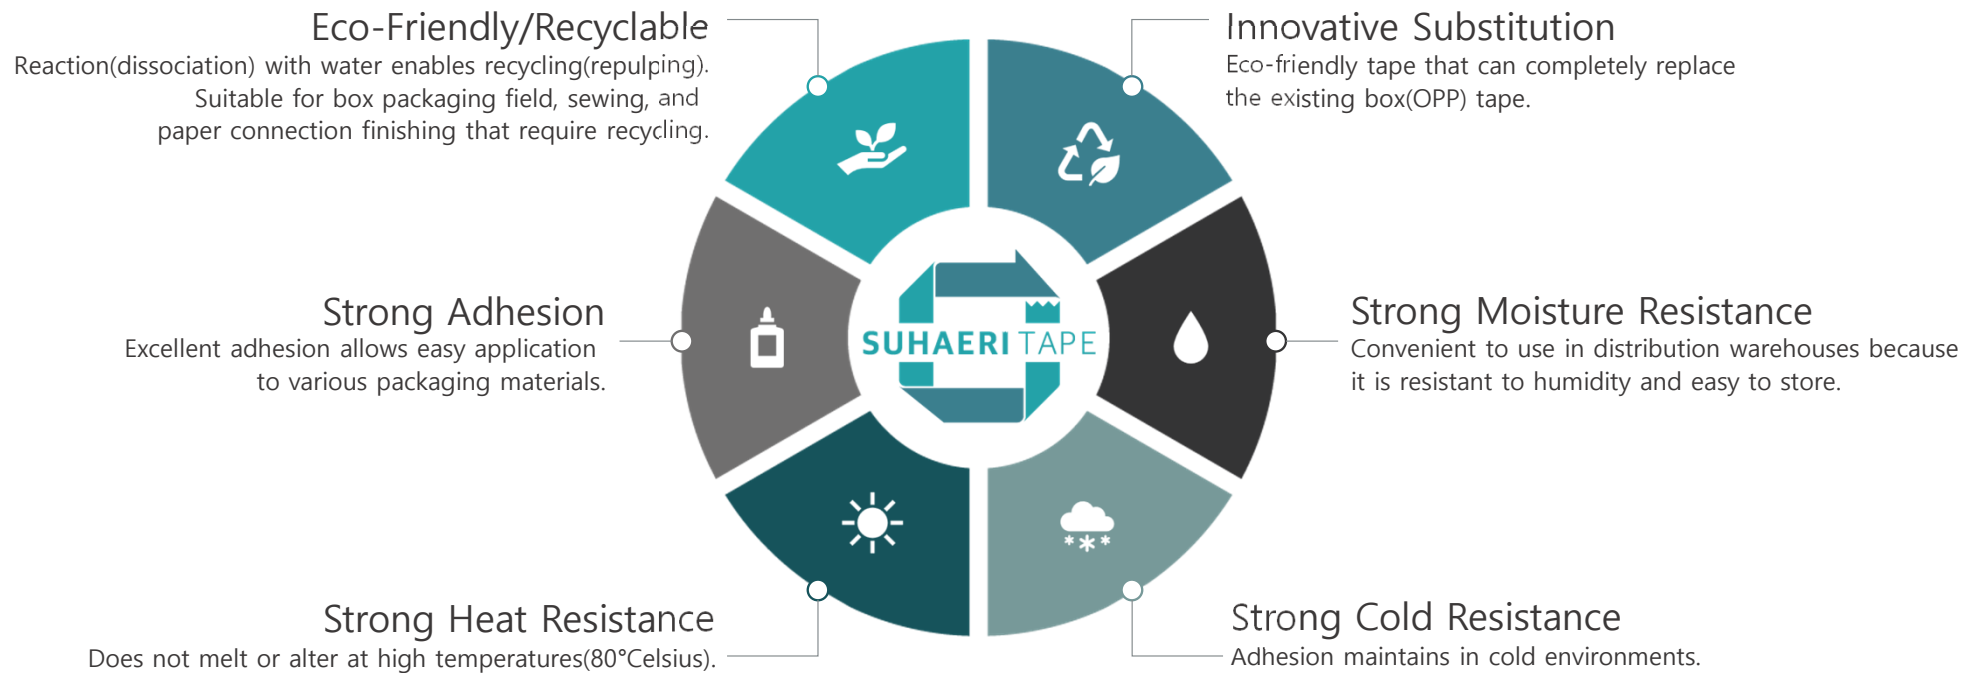

VS

SUHAERI TAPE™'s core technology is
Recyclable(repulpable) adhesive.
SUHAERI TAPE™ is the REAL eco-friendly tape
that can be discharged as recycled paper.

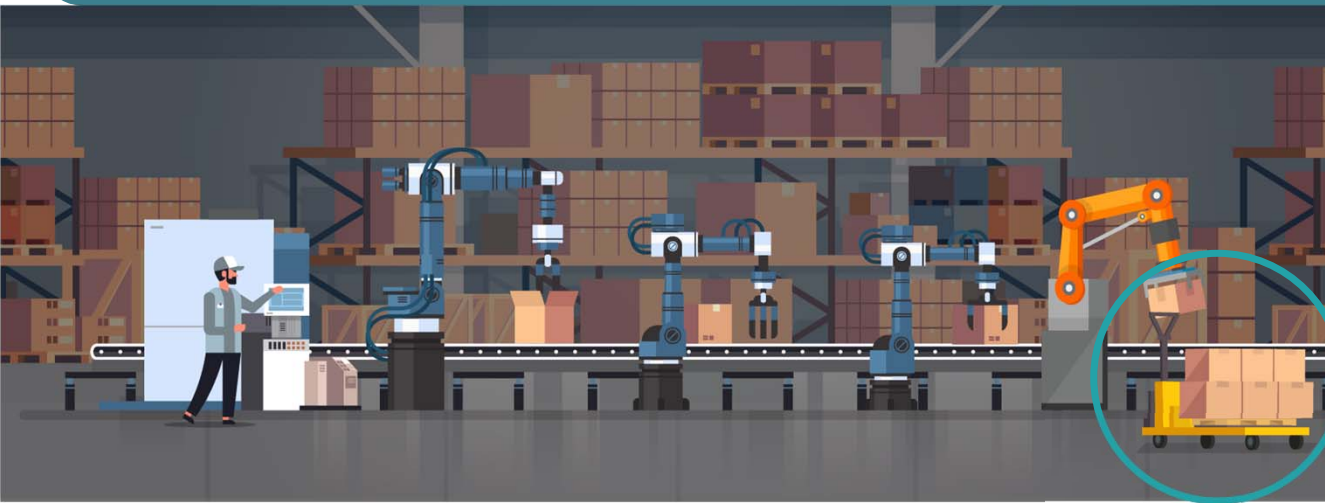

In the case of other products on the market that advertise as 'environmentally friendly paper tape', although paper(kraft paper) can be recycled, the coated adhesive is impossible to be recycled(repulped).
As a result, the conventional 'paper tape' is not classified as recyclable(repulpable), yet classified as 'general waste'.
